Assessor Comments	Opportunity for someone to purchase a line of Vendor Bred Cows that are PTIC to a Crawford Angus bull to calve in the spring. These cows are what I would class a Traditional large framed Riverina Bred Cow. The cows present in their working clothes which highlights the great job that they were are doing on their calves before they were weaned off them, the week before being assessed. I believe there is a opportunity here for someone who is looking for a trading option or looking to get some quiet cows to beef their numbers up. Purchasers please note that vendor has a lot of PTIC Heifers with the same breeding being offered in the same sale.
