Assessor Comments	Offering on behalf of KININMONTH Pastoral are 32x33 station mated Angus heifers, with 33 autumn drop Angus calves at foot. ***In same A+ sale, there is a further 33x33, both lots are same description, but where split into ‘early’ and ‘lates' mobs for calving, with each a 6 week period, this lot comprises the ‘EARLYS’/1ST OF MARCH TO MID APRIL DROP CALVES AT FOOT.*** Heifers where purchased as PTIC heifers in spring last year. Calves are sired by Table Top & Scotts Angus bulls, and were marked on the 15th of June. Heifers have been running back with Murderduke Angus bulls for a late March 27’ calving. Heifers have done a great job on their calves (note calf weight of 200kg avg), so presents the successful purchaser the opportunity to keep going through the spring and the ability to wean when required.
