Assessor Comments: Raelene Mold of 'Barina' is offering a nice little line of vendor-bred Angus Heifers & Calves that would be a welcomed addition to an existing or startup operation. These Heifers display all of the maternal traits you require in an Angus breed; strong bodied, medium/large framed, soft coated, strong feminine attributes & milking exceptionally well. With recent rainfall over the state this is the perfect opportunity to secure young breeding females with their whole lives in front of them & re-join them into a program of your liking.
