Temperament

Yards	Crush	Paddock
Quiet: 23 head	Quiet: 17 head Slightly Stirry: 2 head Stirry: 4 head	Temperament not assessed in Paddock

The heifers were mostly good to handle in the yards and through the race and crush. Two became slightly agitated in the crush while another 4 head became highly agitated in the crush. All settled nicely when back in the yards and moved calmly from one yard to the next.

Assessor Comments A good to very good quality line of vendor bred Ultrablack heifers. They are preg tested in calf to either Ultrablack or Charolais bulls. Four head are under 4 months in calf while 19 head were 4 months plus in calf. On this property all females calve unassisted. The heifers are medium to mostly large frame and most should grow onto big framed cows. One heifer noted with moderate blue eye in off eye and another two with slight blue spots in one eye. One heifer with buffalo fly bite/rub marks on her neck. They are located right on the Leichhardt Hwy between The Gums and Moonie and would work in with trucks moving north and south. Please note, vendor also has two lots of PTIC cows in this auction to make full loads.
