Quiet: 19 head	Quiet: 16 head Slightly Stirry: 3 head	Temperament not assessed in Paddock

The cows were mostly good to handle in the yards and through the race and crush. Two became slightly agitated in the crush while another 4 head became highly agitated in the crush. All settled nicely when back in the yards and moved calmly from one yard to the next.

Assessor Comments	A good to very good quality line of vendor bred Ultrablack cows. They are preg tested in calf to either Ultrablack or Charolais bulls. Five head are under 4 months in calf while 14 head were 4 months plus in calf. They range from rising 3 years old through an even split of ages up to three cows rising 9 years old. Ages were identified from age brands and where not visible cows were mouthed with a mix of 2 tooths to sound mouths (two with a chip out of one tooth each). Two cows with slight blue spots in one eye. The balance of the cows have feet, eyes and udders in line with cows of that age. Please note that 13 of these cows are registered with the Angus society and are eligible to be transferred by the purchaser. They are located right on the Leichhardt Hwy between The Gums and Moonie and would work in with trucks moving north and south. Please note, vendor also has two lots of PTIC females in this auction to make full loads.
