Assessor Comments	Bl & Jl Clark "The Pines" Windellama offers an excellent draft of Primeline ewe lambs, presenting a great opportunity to secure quality future breeders. These ewe lambs would normally be retained within the self replacing flock, however, due to high lambing percentages this season they are being offered for sale. These June/July drop lambs are up to date with all health treatments including Gudair vaccinations. The Pines places a strong emphasis on genetics and performance, consistently investing in quality rams from Lambpro. Rams are selected with a focus on the top 5% for IMF along with strong growth and performance, particularly PWWT, with $6-$10K invested annually in securing topend genetics.
