Temperament

Quiet: 12 head	Quiet: 11 head Slightly Stirry: 1 head	Temperament not assessed in Paddock

1 Heifer became slightly stirry in crush when weighing. generally as a mob they were quiet to handle.

Handled With: Bikes , On foot

Assessor Comments: 12 very good quality Charolais cross heifers that have been PTIC to the Angus bull for a suggested calving to commence

	late October. Heifers are showing great depth and bone and should continue to grow into large framed cows. Heifers were very quiet to handle in their own environment. These heifers would be a very good asset to any herd or for the smaller holdings looking for quality females to rebuild or start out. Vendor has two lots in today's sale.
