Assessor Comments Attention all Cattleman and women today we have to offer 72 PTIC Heifers. This is a genuine run of first calf Heifers. These Heifers are quiet with only a few slightly stirry in around the yards and crush, very well handled and will make excellent future breeders. All the Heifers are showing great frame and have growth for their age. They averaged 371kg on delivery. All the Heifers have been part of a rotational grazing program which requires them to be moved daily. They are all handled with Low Stress Stock Handling Practices and are trained to a single wire electric fence. All Heifers are scanned PTIC, 1-3.5 months, to Low Birth Weight, EBV. Bulls from Palgrove, Elridge and Kandanga Valley Charolais. Some are showing signs from Buffalo flies. These cattle are located in a tick area and require clearing prior to moving across the tick free line. This will be at the purchaser's expense, they have been pretreated to help this process. Vendor has others.
