Assessor Comments	On offer are a nice line of 19 mature age Angus & Angus X Angus/Poll Hereford Cows that originate from Milwillah blood. There are 12 straight Angus and 7 Baldy cows. The cows are 6-9 years of age and average 600kg with a number of cows being over 700kg. They done a great job on there previous calves and are all 5-7 months PTIC back to a Rennylea blood Angus Bull. There is one six tooth with the balance being made up of sound mouth cows and only a few broken mouths. There are 4 cows with a blue eye but is not at all detrimental to there vision. There is one cow that has big teets on her udder but was fine raising her last calf. A great opportunity to purchase some PTIC cows set for a July/August calving to do a trade job on or whatever suits your program.
