Assessor Comments	Opportunity to purchase genuine breeders in the prime of their life. These heifers were brought in to top up the breeding herd in January but now are on the market due to a change in circumstances. Heifers are well grown with plenty of frame and would fatten into big cows, calves are fresh but could do with a bit more feed. The heifers are putting everything into their calves and will respond quickly to fresh feed. Heifers are being fed a bale of hay per day and will be until delivery and are fit to travel any distance. This vendor has 2 other lots of cows in the same sale.
