Assessor Comments	This lot is the last of the Myall Park HERD DISPERSAL. These cows and calves were held back to allow the smallest of the calves time to grow. Myall Park have been purchasing top quality Kidman Hereford bulls for the last 20yrs, selecting for temperament, fertility, and production. In recent years some Kidman Angus bulls have been used. These large frame cows have had no access to bulls since calving, and with most of the calves at weanable weights, provide an excellent opportunity to take home, split, and join to a bull of your choice. The cows were generally very quiet to handle, although 1 cow did get a little agitated after being through the crush, but was never aggressive at any stage. Buyers please note, there is 1 Angus x Hereford cow, and 2 Angus x Hereford cross calves in this lot.
