Assessor Comments	43 top quality 'RENNYLEA' Angus cows with 44 'MOOGINELLA' Angus sired calves at foot. These cows are continuously joined to 'MOOGINELLA' bulls and will remain with them until delivery. They averaged 660kg at assessment and are doing a tremendous job on their fresh sappy calves. These highly productive cows were purchased off Auctions Plus in April 2020 and raised a thumping top quality calf weaned off them earlier this year. They are 2010 and 2011 drop, with 8 mouthed at assessment showing 5 solid mouths and 3 cows showing slight wearing but all teeth present. These cows present as a potential 3 in 1 unit and an opportunity to purchaser a quality line of cows to produce replacement heifers. Buy with confidence. Buyers note: 1 cow appears to have twins, 1 cow with a mild blue eye, and male calves are unmarked but can be done with purchasers request.
