Assessor Comments: An execptional line of Hazeldean blood Angus heifers, preg tested in calf. These cattle perform in the tougher times very well and are very reliable to go back in calf. They will go on to grow into functional females to keep for years to come. These females grow to a very profitable mature age of 600kg and put everything into their calves . Joined for a total of 6wks these breeders cattle have proven fertility. *** THERE ARE A TOTAL OF 120 HFRS IN THE LINE TO BE SOLD AS FOUR LOTS OF 30 IN EVEN LINES## Please note that approx 2 heifers have white on their udder , 2 have a pinkeye blemish on the eye which are not detrimental.
