Heifers present in forward store condition. Vendor has a very strict health regime with everything up to date. Preg tested with foetal aged showing them to be from 10 - 17 weeks. Heifers have been preg tested in calf to low birth weight, good quality Te Mania and Booroomooka blood angus bulls. They are showing good weight for age and look to be developing into soft future breeders. Heifers would be ideal to take home, put into a self-replacing herd or calve for the trade.
