Assessor Comments	A quality line of Angus heifers joined to Bannaby and Yamba Angus bulls. These heifers would suit someone rebuilding their herd. Noted, were approximately 5% of the heifers with white on their udders and with white from their naval to the udder. Also 7 with old pink eye scarring. Also noted approx. 2% have some type of ring worm on or around the head and neck area. The heifers were purchased in April 2022 from SELX and CTLX as part of an annual program to grow out and join. A total of 87 were assessed and will be offered as 2 lots as run out of the gate of a 44 & 43.
