Assessor Comments	Young breeders with all their lives in front of them. These heifers all calved unassisted to AI sire Kelly Angus Quinn GXN Q209. These Claremont blood females were purchased to keep for an Angus breeding program however circumstances have changed and the vendor is offering for sale with all the hard work done . All calves were tagged at birth so can be identified to their mother. All calves are marked , tagged and vaccinated. Ready to join to bull of your choice . Note : There is one calf that had pink eye and was treated at assessment
