Assessor Comments	A quality, one deck line of well bred Angus X mixed sex weaners. These weaners have excellent weight for age, with quality genetics on their side. Their mothers are large framed Western Grazing cows and sired by Booroomooka Angus Bulls. They were purchased as cows and calves and have not had a setback with good winter herbage and cows doing an excellent job. These weaners will suit all markets, once tucked away and grown out. There is an even split of Heifers and Steers. Six weaners were noted to have white patches on belly. One noted with warts on nose and one noted to have wart on tail, neither seen as detrimental. Three head noted with greater hump than others. PLEASE NOTE VENDOR HAS 3 x LOTS IN SAME SALE. Loading of weaners to be complete by Tuesday 19th July
