Assessor Comments	Nutrien is pleased to present MSA21S6 for sale in the inaugural Angus Bull Sale for Jackaroo Angus stud. Suitable for heifers, with a moderate mature cow weight, big docility and excellent retail beef yield, this bull would be suitable for any Angus enterprise. All the Jackaroo cattle are handled frequently and walked through yards at weaning so have a good		

reputation for being quiet and safe for anybody to handle. Bulls are presented in their working clothes with no special feeding occurring so should bounce away upon arrival at their new homes, currently doing between 1.1-2.6kgs/day. These bulls have been used to back up the AI program at Jackaroo Angus.
