Assessor Comments	Nutrien is pleased to present MSA21S8 for sale in the inaugural Angus Bull Sale for Jackaroo Angus stud. Moderate birth
-------------------	---

weight bull with a great length of body and depth of side. Pleasing growth rates and again a great docility. Will end up being a big bull, given the chance. All the Jackaroo cattle are handled frequently and walked through yards at weaning so have a good reputation for being quiet and safe for anybody to handle. Bulls are presented in their working clothes with no special feeding occurring so should bounce away upon arrival at their new homes, currently doing between 1.1-2.6kgs/day. These bulls have been used to back up the AI program at Jackaroo Angus.
