Assessor Comments Nutrien is pleased to present MSA22T1 for sale in the inaugural Angus Bull Sale for Jackaroo Angus stud. Moderate birth, with solid growth and he is the youngest in the catalogue but has plenty of bone and style about him, this bull would be suitable for any Angus enterprise. All the Jackaroo cattle are handled frequently and walked through yards at weaning so

have a good reputation for being quiet and safe for anybody to handle. Bulls are presented in their working clothes with no special feeding occurring so should bounce away upon arrival at their new homes, currently doing between 1.1-2.6kgs/day. These bulls have been used to back up the AI program at Jackaroo Angus.
