Assessor Comments	A very nice draft of PTIC Angus cows to leading Bonnie Doon and Moyhu Wagyu Sires. These cows have been used as part of the recipient program at "Bonnie Doon Wagyu", and are joined up to commence calving Augsut for a 12 week period. Most of these cows have just had weaners pulled off them in the last week or so and should response well. There are 5 cows with blue scarring in their eyes, and one cattle was retreated at assessment, and if not healed will be pulled out at delivery. There are also about 17 cows with white udders in the mob. Animal health booster's on the cows are due. **Please note, that there are another lot in the sale as well COWS WILL BE SOLD RUN OUT THE GATE **
