Assessor Comments	An outstanding line of vendor bred Angus steers calves. These cattle offer a big compensatory weight gain as they have no excess condition, they show frame and stand on good bone. Renowned doing cattle that will perform shown the feed. These steers are the tops of the drop and will not disappoint. Please note odd ringworm scar on head not detrimental or effecting in any way. Coming out of the cold country they are the perfect crop steer or ideal high weight gain pasture steer.
