Assessor Comments	Beautiful Angus Heifers with February / March calves at foot. The calves are sired by Jarabee Judd Q116 and are very healthy and strong. These heifers were purchased from regional store sales. They are predominantly from the Murray family are Banquet blood. The Vincent family purchased these cattle for the purpose of selling in this program. The heifers are in store condition and have plenty of milk under them, they show all the style and confirmation that any judge would be wanting in a long term breeding female. These heifers are very well prepared for sale and are a credit to the Vincent family. They come with my highest recommendation.
