| | A pleasure to handle the Glenruben cattle, well weaned and educated and could be handled by cattle people of all experience levels. Three steers slightly agitated on weigh platform but virtually settled as they were let off the scales and back with their mob. |

| Assessor Comments | A great opportunity to purchase impeccably bred steers with over 50 years of breeding behind them, and presenting in store to forward store condition, all frame and very little condition. Steers that given the opportunity will make heavy kill cattle at a young age. Steers as per usual off Glenruben were an absolute treat to handle with excellent temperament and these boys could be cared for by livestock handlers of all experience levels. Noted performing cattle only being offered to make more room for breeding stock. Noted a very odd steer with small ringworm patches, any tail end steers were removed at assessment. PCAS Grass Only Assured declaration available at purchasers request. Steers that can be purchased with the utmost confidence. |
