These Heifers are an absolute treat to handle, they came through the crush twice and were no issues on the second occasion. Have been well handled throughout joining and calving down.

Assessor Comments An excellent group of 2yr old Angus heifers purchased ex Warrnambool Weaner Sale in Jan 2022, they are bred by leading breeders in the western district and were joined and Synchronised to A.I Sire "Chiltern Park Moe", leaving a very even group of calves due to the tight calving. Highly recommended to any purchaser looking to add to an existing herd or someone getting into cows and calves. They present in their working clothes and are putting it into their calves. These heifers have plenty of scope to continue to grow and develop into medium to large framed mature cows and will rear a calf without issue. The hard work is done!
