Assessor Comments	Fantastic opportunity presented to buyers to purchase 160 SIL young ewes that will give multiple options whether looking for a good trade article or looking for ewes to put in the paddock for second cross lamb production. LJA PASTORAL has been using Shalimar bloodlines through out their Merino flock and also Shalimar White Suffolks rams as terminal sires. Ewes have been vaccinated annually with 6 in 1 and B12 and extra when season requires. FEC samples are monitored as part of an integrated pest management plan on farm and are drenched accordingly with no detection of resistance to multiple drench types used. This is evident when working with sheep at assessment as they were healthy and strong throughout. A great opportunity not to missed.
