Assessor Comments	The Mount View ewe hoggets and lambs. These ewes weighed between 42kg and 72kg to average 53.8kg. 24 hours off feed. These ewes are really starting to preform after going through a tough summer with flood water and mosquitoes. Ewes have had the opportunity to the white dorper rams. Some ewes visually look to be well in lamb. Buy with confidence they are from an outstanding commercial white dorper flock where no expense is spared on the stock. Previous buyers have been very happy with ewes. Note 2 lots totaling 404 all one mark to be sold as two even lots of 202.
