Assessor Comments	On offer is a line of nice mixed age Pendarra blood merino ewes scanned in lamb to Elarada Border Leister rams. These proven mothers offer numerous opportunity's to any type of buyer from the person chasing some 1st cross mothers to the farmer looking for a ewe that will rear a lamb and cut high quality fine wool. Lacking some condition these ewes haven't been spoiled and will respond well to good feed and TLC while lambing. Prospective buyers should also note that these ewes being not mulesed are eligible for The Responsible Wool standards Scheme.
