	Heifers were good to handle through the yards. The odd heifer stirred up in the crush under pressure, but once released back into the mob, they calmed down.		
Handled With	Bikes , Dogs , On foot		
Assessor Comments	Approx. 89 weaner heifers for sale south of Hughenden. Consisting of mainly AngusX weaners, the mob is 10% crossbred. At assessment, they weighed 170 kg to 273 kg, averaging 215 kg. There are some signs of lice present in the mob, but not detrimental. These soft weaner heifers have good weight for age and would be ideal for future breeders or the domestic feeder market. Vendor has the steer portion of the mob also available in this auction. Please note that separate vendor has similar steers and heifers for sale, on the same property.
