Assessor Comments	Buyers who wish to purchase a good quality line of vender bred Heifers 6 to 12 months of age that are best described as composite heifers look no further. Heifers stand on good bone and have great confirmation to either retain as future breeders of to take though to heavier weights as they are known for their performance in feedlots. The Rule family focus on quality which shows when putting their cattle in competitions and taking home the major prizes. Heifers showing signs of winter coats with rub marks evident and approximately 15 showing signs of ringworm. One heifer has small warts under her eye. Heifers have a weight range of 209-355 to average 279kg at delivery. Vendor has another two lots in same sale.
