Assessor Comments	A small line of Heifer weaners that are perfect backgrounding articles, Heifers are in fresh condition and should continue to go forward given a rising plane of nutrition. Usually weaned and held to heavier weights but current weather conditions means calves must go. Heifers are sired by quality Duddy Angus bulls and are bred out of good quality Angus and British cross cows. Heifers will make ideal feeders to suit the domestic feeder markets. Grass fed and antibiotic free. please see a line Steer weaners out of the same mob in this same sale.
