Assessor Comments	43 great quality weaned Angus Heifers presenting in fresh forward condition that weighed from 264kgs to 380kgs and		

averaged 317kgs at assessment after a over night curfew of 16 hours. All these Heifers are bred out of Pathfinder Angus blood cows and are sired by the Pathfinder Angus bulls and display excellent growth for their age. A fantastic opportunity to secure quality Angus heifers that will continue to grow into ideal matrons to suit any Angus breeders program. *Vendor has a line of steers within the same sale*
