Assessor Comments	A good line of 23 Black heifers that are in forward store condition. These heifers are all sired by the Angus bull and are out of a top quality cow herd; made up of 50% large framed Angus cows and 50% Angus/Simmental cows. This gives these heifers a nice splash of bone and shape. These heifers are NSM and would be ideal to either join in the spring, continue to background further or go straight into a feedlot. Please note I noticed that the odd heifer has been rubbing. Also note the same vendor is offering a line of 22 steers in this sale.
