Assessor Comments	A good line of 22 Black steers that would be ideal to background further or go straight into a feedlot. These steers are all sired by the Angus bull and are out of a top quality cow herd; made up of 50% large framed Angus cows and 50% Angus/Simmental cows. This gives these steers a nice splash of bone and shape. These steers are in forward store condition and going into the spring would go ahead nicely on good feed. Please note I noticed that the odd steer has been rubbing. Also note the same vendor is offering a line of 23 heifers in this sale.
