Assessor Comments	One of the best lines of yearling heifers i have ever assessed, these heifers have all the traits you look for in future breeders, boasting an extremely quiet temperament, length, depth and excellent structure. Heifers are also bred from a highly fertile classed herd of Angus females, using the Scotts Angus Bloodlines for over 30 years. Traditionally retained in herd or grown to heavy export weights these heifers provide a very unique and rare opportunity to secure a one mark line of Angus females. Prior to the Assessment 10% were removed due to being lighter weights.
