Assessor Comments	Vendor bred heifers that would make excellent future breeders. Heifers that are in a very tight weight range 316-350kg and average 334kg at assessment. The Schilg family have been using Dunoon Bulls for over 10 years selecting on birthweight, temperament and growth which is shown in these heifers with terrific weight for age with both length and depth of body and were a pleasure to handle. Presenting in forward store condition and have had a great start with all the treatments ready to join or feed on. Highly recommend! Please note: Odd heifer has old ringworm scarring (refer to photos) and 1 heifer has old pinkeye scarring on one eye considered not detrimental. Vendor has another lot of 23 heavier heifers in the same sale. Great opportunity to put 42 vendor bred, top quality heifers together.
