No need for a stick, any yelling or raising arms. Just walk through and talk to them. 6 Heifers did become slightly anxious after stepping onto the shiny aluminium scales, listed above as slightly stirry. But after exiting the crush, they went only a few strides before stopping and turning around to watch on. Perfectly well mannered, well educated young heifers. Assessor Comments	If you're looking for a class line of future breeders, this is them. Tops of their drop with just a small tail removed. These are lovely natured, classy young Heifers. Very pretty, soft faced females, with an easy doing style, and kind, maternal nature about them. Females with look me presence. Long barrelled with a good deep girth and plenty of width across their backs. Out of a large framed, core breeder - Rossrich/Fernhill Blood matrons by Ardrossan NAQN221. Very smart young ladies that would improve most commercial herds, or be the pride of anyone's paddock if you're for a 'start up' line of breeders. Please see photos & videos for full contentment.
