| Assessor Comments  | A nice line of Angus & Angus x steers, that are sired by Ardrossan Angus bulls. This lot represents the lead 50% of the Coysh Farms 2022 drop spring calves. They are 10-12 months of age and present in store condition. These steers weighed 260kg at assessment after a 4 hour curfew ranging from 200-345kg. These steers are running on short improved pastures supplemented with hay & silage. Shown fresh feed and a drench these steers will stack on the weight with a big compensatory gains to be made. Steers that are noted doing cattle that will suit either growing out to feeder weights or to be taken out to heavy export bullocks. |                          |         |
