	Steers have been running in a big mob since weaning, overall they were a pleasure to handle. After weighing through the crush, single steers were easily drafted out of groups. I could easily walk through during taking media. Very good temperament.

Assessor Comments	Tops of the drop of the Hanna pastoral steers. Dunoon & Rennylea blood steers that present a great opportunity to put together 170 one mark vendor bred EU backgrounding steers. These steers have done it tough through a very long and wet Upper Murray winter and are ready to bounce onto some spring feed. The Hanna pastoral steers often enjoy the support of repeat buyers and show a huge opportunity for compensatory weigh gain, presenting in genuine store condition with great frame for age. Noted doing cattle with plenty of genetics and frame ready to perform. 2 steers showed pinkeye scar in one eye only, approximately 15 steers had varying degrees of ringworm symptoms.
