Assessor Comments Buyers an opportunity to buy 3 decks of VGQ PCAS eligible light weight crossbred weaner steers. These weaners have all the right bloodlines and genetics and are best described as medium to large frame relative to age. Weaners have been weaned for over a week and up to 2 weeks at delivery and are very well educated by vendor through yards. A very reputable line of cattle for sale that will be ideal to put away on grass and grow out to heavier weights. Steers that have a good performance record and will suit to grow out as feeders or grass fed bullocks. Majority of this line came off 1st calf heifers. Note 2 x family brands
