Assessor Comments	Buyers an opportunity to buy 3 decks of VGQ PCAS eligible crossbred weaner heifers. These weaners have all the right bloodlines and genetics and are best described as medium to large frame relative to age. Weaners have been weaned for over a week and up to 2 weeks at delivery and are very well educated by vendor through yards. A very reputable line of cattle for sale that will be ideal to put away on grass and grow out to heavier weights. This line of heifers will suit as replacement breeders with plenty of style & confirmation or have the performance history to feed on. At assessment 1 x heifer noticed with a small hernia in naval.
