Assessor Comments	EU Bullock fatteners & Backgrounders here is a great opportunity to secure 96 great soft proven performers. These steers will suit the Domestic & Export feeder and slaughter markets. These cattle are bred on semi improved forest country and given their growth rates in this environment, once put on heavier country will explode. These steers have been bred to perform! The Steers have a mile of Frame, Bone and Structure and are packed full of performance. The Shannon Family have a long history with breeding very good performing young cattle. Don't miss this opportunity to buy the lead of their weaner steers!
