		Stirry: 1 head	

Handled With	Sensible young heifers whose behaviour was typical of young weaners, being a little bit runny in the yards at times, a bit anxious being pushed in to the force yards and leading up the race. Generally stood well in the weigh box, just some exiting with a bit of pace, and others that did a bit of stomping. Age & further handling will improve that bit of nervousness in them. Bikes , On foot , Vehicles	
Notable Traits	Traits 3 Head Minor Ringworm 5 Head Rub marks	
Assessor Comments	Healthy young females that present in strong store condition. Have been running on cold, hill country on basic native pastures. These are an ideal lot of well bred heifers to take on going in to a promising looking Spring. Well put together heifers with a good genetic background that will suit to do any job with. Background, feed or breed. Please see photos & videos for full contentment.
