Sensible young steers whose behaviour was typical of young weaners, being a little bit runny in the yards at times, a bit anxious being pushed in to the force yards and leading up the race. Generally stood well in the weigh box, just some exiting with a bit of pace, and others that did a bit of stomping. Age & further handling will improve that bit of nervousness in them.

	3 Head Minor Ringworm
	5 Head Rub marks
	1 Head Small eye Blemish

Assessor Comments	Fresh lot of young healthy steers that present in strong store condition. Have been running on cold, hill country on basic native pastures. These are a good small lot of well bred steers to take on going in to a promising looking Spring. Well put together with a good genetic background that have been bred to perform. Please see photos & videos for full contentment.
