Temperament

Yards	Crush	Paddock
Quiet: 110 head Slightly Stirry: 10 head	Quiet: 110 head Slightly Stirry: 10 head	Temperament not assessed in Paddock

Heifers were good to draft through pound and run through the crush. Odd heifer wasn't as comfortable with extra pressure in pound / crush and keen to exit, but wasn't silly.

Handled With	Aerial (Helicopters, gyro's and planes) , Bikes , Horses , On foot
Assessor Comments	A very good line of USDA NOP Organic heifers. Very feminine heifers, still exhibiting length, bone & softness. Ideal to take through as future breeders or fatten for the organic premiums. Heifers have been weaned for 6 weeks and have lost the milk sap, but are going forward with the green pick now. A lead of heifers were retained, but mainly selecting the heavier end for joining, with any heavier cull heifers left out of this mob.
