Assessor Comments	Buyers an opportunity to buy 102 VGQ PCAS eligible Santa & Ultrablack X weaner steers. These weaners have all the right bloodlines and genetics and are best described as medium to large frame relative to age. This line of steers have been well educated by vendor through yards and will remain on good quality hay until delivery. A reputable line of cattle for sale that show plenty of bone, length & frame ready to put away on grass and grow out to heavier weights. A line of steers that will have plenty of compensatory gain in them with having been in hand for upto 2 - 3 weeks at delivery. At assessment 1 x head with slight cloudy eye and treated at assessment, 3 x head noticed with old rub marks from buffalo fly in the warmer months & 1 x black steer with a brindle flick through it. **Vendor is offering to delivery cattle to Longreach, Blackall or Roma after sale**
