Assessor Comments	Top quality one brand acc breeder Angus Heifers. Heifers are very well bred with top quality bulls purchased from Tex, Clunie Range, Booroomooka and Carabar. Vendor selects bulls for structure, temperament, fertility, calving ease, LBW, 400 DWG, and positive fat and muscle. Vendor purchases bulls at the top end of the market. Heifer have a very good temperament. Some heifers did run about in the yards when first yarded but settled quickly and drafted and worked well after that. Well grown heifers that show good bone and type. Bred from a top quality herd of cows. These heifers come highly recommended - suitable for feeder operation or as a line of future breeders.
