Assessor Comments	On offer is a 8 angus x steers, (includes 5 brangus/angus and 3 angus/black baldy steers, account the breeder. These steers display good shape and bone. Steers are 7-10 months and present very well in forward condition. These steers were weaned at assessment in yards on quality hay and will be handled daily. Dont under estimate these steers, they are good quality with good shape. 2 steers got aggitated when put pressure on but when in mob were ok, think after weaning with bit more education should be right. There is 1 red steer in mob. Please note vendor has 3 other lots in same sale.
