Assessor Comments	On offer is a lovely line of 40 quality angus heifers, account the breeder. These heifers are very good shape and boned calves, sired by Campsie and Swanbrook blood Angus bulls out of well bred cows. Heifers are 7-10 months and present very well in forward condition. They are ideal quality to fatten or retain for future breeders. These heifers were weaned at assessment in yards on quality hay and will be handled daily. A light tail has been removed. Note 1 heifer had small blemish on eye and 1 had small hernia but not detrimental. Please note vendor has 3 other lots of steers in same sale.
