Assessor Comments	A Quality line of Team Te Mania Angus Steer weaners . Ave Wt: 297 kg Full (260 - 362 kg) at assessment. These steers would normally be grown out to feedlot weights, but due to Seasonal conditions are now for Sale. This herd has been a supplier to Rangers Valley Feedlot. All Steers are Sired by High indexing Team Te Mania lease bulls (See sire links). The Steers are showing good frame & length will jump ahead on Quality feed. Note: Odd steer with some old blueish scarring in 1 eye . (All animals considered Feedlot acceptable) The majority of the Steers showing Rubbing & Ring worm (see photos & Videos for your confidence) Not Detrimental & would recommend treatment at Induction.
